

## Directions for Sorting Number Cards

1. Three sets are included in this download:
  - Sorting by numbers written with straight lines/curvy lines/both
  - Sorting by one/two digit numbers
  - Sorting by odd/even numbers.
2. Print out card sets.
  - Create one or more card sets as shown below. If you want to make more than one set available at a time, print extra copies of number cards.
3. Have students set out heading cards and place the number cards in a pile to the side of the workspace.
4. Pick up number cards one at a time and sort under the correct heading card.

Check answers with control card when finished.

straight line	curvy line
1	0
4	3
7	6
11	8
14	odd
17	even

both	15
2	16
5	18
9	19
10	20
12	one digit
13	two digits

straight line	curvy line	both
1	0	2
